Evergreen Public Schools

SCHOOL REPORT CARD

Evergreen Public Schools is committed to providing a quality education for every student in our district. We believe that educational excellence can only be achieved through collaboration between the school district and the community.

Standardized tests such as the Washington Assessment of Student Learning (WASL) provide valuable snapshots of how our students are doing. It is important to remember, however, that these test results are only one measure of what our students know and are able to do on one test on one particular day. In Evergreen Public Schools we believe that all students can achieve when we provide them with a supportive learning environment with teachers and staff who take the time to know them and challenge them to reach their full potential. We strive to encourage the unique talents and skills of each individual student, not just their ability to pass standardized testing.

If you have questions or would like additional information regarding these results, please speak to your child's school administration or visit the website of the Office of the Superintendent of Public Instruction at: <http://reportcard.ospi.k12.wa.us/summary.aspx?year=2008-09>

Evergreen Public Schools' Declaration and Beliefs

We declare that all students in the Evergreen Public Schools will have the opportunity to attain the skills necessary to be world-competitive upon graduation.

Our Beliefs

In Evergreen Public Schools . . .

- ❖ We believe in a school system where no child is expendable. Every student, without exception, has the potential for growth, improvement and success in life.
- ❖ We believe all students, given the right environment, will learn and excel when provided with authentically engaging work based on high standards.
- ❖ We believe that students are our priority and decisions must be made on the basis of what is best for each child.
- ❖ We believe that a world-competitive school system is dependent on utilizing the unique talents and perspectives of staff, parents, and community members.
- ❖ We believe all students, given the right environment and unwavering guidance, will develop the skills needed to face moral and ethical life challenges with integrity, honesty and self-respect.

Washington Assessment of Student Learning (WASL) detail 2008-2009

This report card provides information on Washington's assessment system. Student performance on the Washington Assessment of Student Learning (WASL) reflects what students know and are able to do based on the state's Essential Academic Learning Requirements (EALRS). Students are tested in the areas of reading, writing, mathematics and science where applicable. The WASL measures the specific academic skills and knowledge Washington state students are required to meet in the classroom.

Report on Annual Yearly Progress (AYP)

Schools and districts that received Title 1 funding and have not made “adequate yearly progress” for two consecutive years, are identified for Title 1 school improvement. This means schools and/or districts were unsuccessful in meeting or exceeding the state’s prescribed AYP criteria in any of 37 subcategories at the elementary, middle and high school levels and 111 categories district-wide. The criteria reflects state reading and mathematics goals as measured by the WASL. Once identified, schools and districts must demonstrate AYP for two consecutive years in order to be removed from school improvement.

All students, including Special Education students and English Language Learners, are expected to meet the same AYP goals. This is the third consecutive year that the district has not made AYP, thus the district is in improvement though individual schools may not be.

Made AYP Overall: No

In Improvement: Yes
