Traffic Safety Education

Evergreen Community Education

Ages 15+ Traffic Safety Education has been offered in the Evergreen Public Schools for over 33 years. This course meets and exceeds the requirements set by the State of Washington regarding Traffic Safety programs. It will be offered in several different formats, but the state requirement of 30 hours classroom, 6 hours of drive time and 12 hours of observation will always be met. Our instructors are all state certified TSE instructors and together they have over 100 years of Driver Education teaching experience.

The course will consist of 9 learning units. Students will progress from simple tasks to more complex traffic, with the emphasis being on making safe decisions. The course format will be in-class activities with a final test over the Washington Drivers Guide at the end of the course. The driving section will consist of 12 - 30 minute lessons. They will start with basic control and end with complex freeway driving. Students must attend all 15 class sessions (a missed class must be made up and a make-up fee may be charged). **Students must be able to get a Washington Learners Permit** (by the 3rd day of class). Driving schedules will be discussed at the first class meeting.
Please note: No credit will be offered.

Cost: \$335.00 Per Student
